

# Genetic Responsibility in Germany and Israel. Practices of Prenatal Diagnosis

Christina Schües (ed.)

## Table of contents

### Introduction

#### **I. Biomedical rationalisations of “life”, reproduction and responsibility? Historical, social and ethical perspectives**

1. *Biological reproduction, offspring, and radical otherness*

Burkhard Liebsch

*Commentary: The ethics of never again*

Natan Sznajder

2. *Origins and practices of genetic risk and responsibility: Is it irresponsible not to test?*

Christina Schües

#### **II. Governance and biopolitics**

3. *NIPT policymaking in Germany and Israel: A matter of course or a matter of discourse?*

Hannes Foth, Tamar Nov-Klaiman, Yael Hashiloni-Delev

4. *PND in Israel: Public health services and uptake in cultural context*

Aviad Raz

5. *PND in Germany: Moral concerns and consumer choice*

Kathrin Braun, Sabine Könninger

*Joint commentary – “Yes, but...” vs. “no, but...”: Ambivalences towards prenatal diagnosis in Israel and Germany*

Kathrin Braun, Sabine Könninger, Aviad Raz

#### **III. Comparative empirical bioethics of reproductive practices and their social contexts**

6. *Views on disability and prenatal testing among families with Down syndrome and disability activists. A comparative analysis of interviews from Germany and Israel*

Tamar Nov-Klaimann, Marina Frisman, Christoph Rehmann-Sutter

*A comment from disability activism in Israel*

Rachel Lishansky

*A comment from Disability Studies in Germany*

Swantje Köbsell

7. *Socio-cultural and religious views on prenatal diagnosis in Israel and Germany*

Tsipi Ivry and Hille Haker. A transnational conversation initiated by Anne Weber and Christina Schües

8. *What does prenatal testing mean for women who have tested?*

Tamar Nov-Klaiman, Christoph Rehmann-Sutter, Stefan Reinsch, Yael Hashiloni-Dolev

9. *“Something is not quite right.” Two cinematic narratives about decision-making after prenatal diagnostic*

Christoph Rehmann-Sutter, Christina Schües

**IV. Intertwining knowledge practice, epistemology and ethics**

10. *The unconditionality of the parent-child-relationships in the context of prenatal genetic diagnostic in Germany and Israel?*

Hannes Foth

11. *Can not wanting to know be responsible? Conceptual analysis and meanings of not-knowing in Israeli and German prenatal genetic practices*

Christina Schües, Stefan Reinsch, Aviad Raz, Christoph Rehmann-Sutter

12. *Comparison through conversation: Thinking with different differences*

Yael Hashiloni-Dolev, Aviad Raz, Christoph Rehmann-Sutter, Christina Schües
